Pizza Symbols in QGIS

Raymond Nijssen

26 september 2024

Who am I?

- Raymond Nijssen
- Freelancer open source GIS
- Contributor QGIS
- Chairman QGIS UG The Netherlands
- OSGeo charter member

QGIS Contributor Meetings

- A.k.a. Hackfests
- A.k.a. Developer Meetings
- Once or twice per year
- Important, productive and fun!
- November 2023, Vienna
- Last week in Bratislava

OSGeo

Community Sprint

2023 at BIDS '23

Vienna

Easter Eggs

Easter Eggs

In computing [\[edit \]](#)

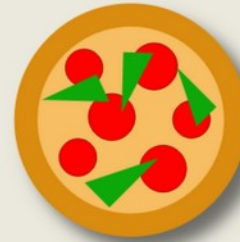

Software [\[edit \]](#)

In [computer software](#), Easter eggs are secret responses that occur as a result of an undocumented set of commands. The results can vary from a simple printed message or image to a page of programmer credits or a small video game hidden inside an otherwise serious piece of software.

Easter Eggs in QGIS

- world
- hackfests
- contributors
- ... (to be found by you)

Pizza time!

Lyon (2012)

Joining a Contributor Meeting

- NOT just for C++ developers!
- Many other tasks, like:
 - Website
 - Documentation
 - Sharing ideas for improvements
 - Community building
 - Fund raising
 - Welcoming, devs are not Gods :)
- Fun!
